

# QUALITY POLICY at METAL PRODUCT

The company METAL PRODUCT sro, as a trading company dealing with stainless steel and special alloys, focuses primarily on customer satisfaction and the satisfactory quality of the services provided.

These services are aimed at implementing special orders in the market segment that has the highest quality requirements - the aerospace, weapons and energy industries.

The company's strategic plan for the 3-5 year outlook is based on more than 30 years of experience in steel trading. This experience is enriched with technical and organizational knowledge. By implementing its strategic plan, METAL PRODUCT sro wants to meet the needs and expectations of customers, primarily by supplying steel with the highest quality requirements and by expanding the range of steels and alloys offered.

The company METAL PRODUCT sro, using its KNOW-HOW, provides consulting services in the field of using steels with the highest utility properties.

Part of the strategic plan of METAL PRODUCT sro is also increasing professional and organizational knowledge for the benefit of customers.

The CEO of METAL PRODUCT sro undertakes to create appropriate conditions for the implementation of this QUALITY POLICY, including ensuring sufficient resources.

Managing Director of METAL PRODUCT

Ing. Karel Pejša
